SIGNATURE SOMA SPA THE FINEST \

Immersion
Catharsis

Our SOMA Spa Signature Welcome Touch draws inspiration from the timeless ritual of Greek hospitality, inviting you to arrive fully and feel deeply cared for from the moment you enter the treatment room.

Your journey begins with a soothing foot cleansing ritual, where warm compresses infused with fresh lime gently cleanse and revive tired feet. This grounding ceremony symbolizes renewal and welcome, easing the body into a state of comfort and calm while awakening the senses with subtle citrus notes reminiscent of the Mediterranean.

As tension melts away and your energy is restored, mind and body are perfectly prepared to continue into our bespoke and advanced therapies, thoughtfully tailored to your individual needs and desires, and rooted in the holistic traditions of Greece.

SOMA SPA THE FINEST \

Green
Promise

At SOMA Spa, we put safety, care, and effectiveness at the heart of everything we do. We are intentional about what we use in our treatments, choosing clean, natural ingredients that are ethically sourced and free from parabens and other harmful additives. Whenever possible, we work with vegan formulations and prioritize sustainably sourced ingredients, always mindful of how they affect both your skin and the world around us.

Caring for you also means caring for our environment. We consciously reduce water use throughout our treatments and select biodegradable or fully recycled disposable materials wherever we can. These may be small, considered steps, but they reflect our ongoing commitment to the well-being of our guests and to the planet we all share.
