## SIGNATURE SOMA SPA THE FINEST \

Immersion  
Catharsis

Our SOMA Spa Signature Welcome Touch draws inspiration from the timeless ritual of Greek hospitality, inviting you to arrive fully and feel deeply cared for from the moment you enter the treatment room.

Your journey begins with a soothing foot cleansing ritual, where warm compresses infused with fresh lime gently cleanse and revive tired feet. This grounding ceremony symbolizes renewal and welcome, easing the body into a state of comfort and calm while awakening the senses with subtle citrus notes reminiscent of the Mediterranean.

As tension melts away and your energy is restored, mind and body are perfectly prepared to continue into our bespoke and advanced therapies, thoughtfully tailored to your individual needs and desires, and rooted in the holistic traditions of Greece.

## SOMA SPA THE FINEST \

Caring for you also means caring for our environment. We consciously reduce water use throughout our treatments and select biodegradable or fully recycled disposable materials wherever we can. These may be small, considered steps, but they reflect our ongoing commitment to the well-being of our guests and to the planet we all share.

## HIPPOCRATIC HARMONY MASSAGE \

Aligning  
The Body

60' \ 170 €

This Massage Ritual draws its inspiration from the timeless Massage Principles of Hippocrates, the revered advocate of massage therapy. Hippocrates described massage as "friction or rubbings," emphasizing its ability to induce relaxation, stimulate circulation, and promote overall well-being. Building upon these ancient teachings, our massage ritual is designed to harmonize the body, mind, and spirit. Centered around the concept of balance, this therapeutic massage targets key areas of the body: the Head & Neck, regarded as the crown of the body; the feet, considered the foundation; and the abdomen, recognized as the center of the body's vitality. Through gentle yet effective techniques, our massage aims to detoxify and cleanse, fostering a healthier internal system. This holistic approach begins with a revitalizing dry brushing of the body, stimulating circulation and preparing the skin for optimal absorption of nutrients. The ritual culminates with a delicate mist of Kefir Tea water, awakening the senses and leaving you feeling refreshed and rejuvenated.

BADER**

**60' \ 200 €**

**90' \ 250 €**

The Method Face treatment by Augustinus Bader is a one-of-a-kind, highly sophisticated skincare skin therapy. It was created to boost cell communication to support the body’s innate biological wisdom to self-heal and regenerate. The Method supports cell activity, which is responsible for balanced hydration, firmness, equal pigmentation, and protection of the skin, to fight against intrinsic and extrinsic aggressors. It refines the surface by boosting the exfoliation metabolism and sealing the skin to prevent TEWL (Transepidermal Water Loss). The combination of science-based formulas, cutting-edge technology and state-of-the-art massage techniques send an external trigger to the fascia, namely the tissue; this is where all the cell communication processes take place. This synergy delivers highly targeted individual stimulation, triggering a sequence of highly individualized regenerative processes. Augustinus Bader products could be thought of as a toolbox that the skin yields the most benefits from. These creations resolve all skin-related problems effectively, taking the optimal amount of time to attain the most suitable solution for individual skin needs.
