Faithful to our philosophy for Social Responsibility and contributing to society and standing by those who need it the most, [Domes Of Elounda, Autograph Collection](#) in cooperation with Agios Nikolaos Municipality distributed relief supplies to earthquake victims of Arkalochori village.  
The harsh ordeal of the people who lost their homes and found themselves fighting for their survival sensitized all employees who, in the event of this initiative, showed reflexes of support with a sense of unity.  
The mobilization was immediate, resulting in the collection of significant quantities of basic necessities, which were sent to the inhabitants of Arkalochori who were found at the epicenter of the earthquake and suffered great damage.
